

WOL Security Key

- There will be changes in the steps of logging into Watani online .
- We will be presenting “ **WOL Security Key**” system in order to enhance security and avoid any risks.

- Enter the ATM number and click Login .

- In case that your PC was not registered , you will be forced to answer a security question.
- You need to answer the security question correctly (that was chosen at the login step)
- If the answer was correct : will continue with the login steps
- If the answer is incorrect : access will be blocked after 3 attempts ,and you will have to contact 1801801 to change the security questions and register to WOL Security Key again.
